Thank you, all,

[REDACTED] Thank yor of your email and phone messages. At any rate, my injured wrist is feeling much better on this 3rd day, so I think i might leave it at that.

I thank you for the last several months of coverage; you've always been timely with your reminders and helpful with questions. Have a great weekend.

Susan

Thank you very much, I will be sure to recommend you to the other Canadian crew living and working down here in the Caribbean. Your company has been very helpful.

Bye for now, [REDACTED]
